Tek's 210 meets all my needs, it runs silent, with quick acquisition time, VERY user friendly, VERY portable, VERY simple. The downfalls would be the lack of a full color LCD, but the display works well and is easily visible unlike other scopes I have used, the biggest downfall is the lack of memory (only 2.5k)I am used to using my scope at ...

If prefname is "uat", you can override settings in various user access tables using the form uat:uat filename:uat record. uat filename must be the name of a UAT file, e.g. user_dlts. uat_record must be in the form of a valid record for that file, including quotes. For instance, to specify a user DLT from the command line, you would use
